

#SupplyChainOKI 2017 Summer Internship Program

Legion Logistics LLC

Location: Florence, KY

Type of Company: Freight Brokerage, Warehousing, Transportation, Consulting & Logistics Company

Job Title: Sales Professional Development Program

Job Description:

Right now, the **Legion** is expanding rapidly and we need SUMMER INTERNS to help keep our momentum going. This won't be your typical open-the-mail and brew-some-coffee internship. We need people who are willing to dig in, work hard and help us grow. If you have any interest in sales, entrepreneurship or logistics, this is the place for you. If you want an easy, coast through the semester and get off early on Fridays so you can go to the bars kind of internship, look elsewhere. The upside is that you'll get actual experience from your internship that you can apply to your education and future career. The downside is that you might be overwhelmed by our awesomeness.

WHAT WE WOULD EXPECT FROM YOU:

- You will work side-by-side with the salespeople on our biggest accounts, providing support, encouragement and stellar paperwork.
- Providing this support will require you to be organized and – as much as we hate this over-used phrase – detail-oriented.
- The majority of your time will be spent on the phone, talking to customers and carriers, so you need an excellent phone manner and a clear, pleasant phone voice.
- You will work hard every day to create customer/carrier/employee loyalty

WHAT YOU CAN EXPECT FROM US:

- Income. Yes, this is a paid, FULL-TIME summer position.
- Real work experience. Our other interns will tell you this is a real job, not a watch-other-people-do things job.
- Potential for part-time employment in the fall. You can really ask our other interns anything you want because four of them are still working with us part-time while they finish their degrees. Then they will join the Legion as full-time permanent employees.

**THINK YOU HAVE WHAT IT TAKES?
JOIN THE LEGION**
